

## David Love

---

David Love raised his first dollar from a legacy gift in 1982. He raised his most recent one today. In 2013, the AFP Greater Toronto Chapter recognized his efforts by awarding him their lifetime achievement award. He now occasionally works on legacies with his daughter's direct response company, Agents of Good, where he is affectionately known as "The Godfather of Good. In the spring of 2021, his book, "Green Green: Reflections on 51 Years of Raising Money for Nature" was published.
